Specializing in custom tattoo design, visual composition, and client collaboration to create unique body art.

### ● Restaurant Team Member | Fine Dining

2023 - Present

Provided excellent service in a high-end dining environment, demonstrating teamwork, efficiency, and attention to detail.

## Projects

### Personal Portfolio Website – Interactive Showcase

Multi-section portfolio featuring custom project slider, 3D rotating art gallery carousel, and smooth page transitions.

### Unity Game Project – Customizable Game Template

Designed and developed a 2D Unity game with interactive animations and visual feedback, including a custom content generator tool for user-defined game templates.

### Figma prototype for "Pilpeled" digital design blending street art and illustration.

### RG Tattoo Studio – Portfolio Website

Responsive portfolio website for tattoo studio with interactive gallery, and mobile-optimized edgy design.

### Storyline 360 – "Wine Production" Interactive Micro-Course

Interactive Storyline 360 module explaining how wine is made, with all visuals and design created by me.

### Nature & Adventure Digital Platform - Business Website

Platform showcasing outdoor and lifestyle experiences, promoting nature adventures and camping activities.

### Adi Nail Studio – Digital Business Card

Mobile-first digital business card with visual portfolio and integrated multi-channel contact system (WhatsApp, Instagram, location).
